TECHNICAL SKILLS

BACKEND

ASP.NET Core · C# · PHP ·
REST APIs · JWT · OAuth2

FRONTEND

JavaScript · TypeScript ·
React · HTML5 · CSS3 ·
Bootstrap · Razor

DATA

SQL Server · Oracle
Database · Oracle APEX ·
MySQL · PL/SQL · MongoDB
· Redis

TOOLS

Git · GitHub · Postman ·
Swagger · Docker · Dapper ·
SignalR

LANGUAGES

Spanish · Native
English · B1/B2 Intermediate

STRENGTHS

- Layered architecture
- Requirements analysis
- Technical documentation
- Problem solving
- Teamwork

FULL STACK DEVELOPER

IMMEDIATE AVAILABILITY · ON-SITE / HYBRID / REMOTE

PROFESSIONAL PROFILE

Full Stack Developer and Computer Engineering graduate with practical experience building enterprise web applications, REST APIs, process automation, and administrative platforms. I have contributed to solutions that optimize institutional and business processes using ASP.NET Core, Oracle APEX, SQL Server, and Oracle Database. I am looking to join a development team where I can deliver scalable solutions, strengthen my technical skills, and contribute to real products.

PROFESSIONAL EXPERIENCE

Full Stack Developer - Graduation Project

2025 - 2026

CCSS · Costa Rica

Developed an institutional system with the team to automate administrative processes used across seven CCSS buildings.

- Designed administrative modules and business-rule validations.
- Integrated REST APIs and Oracle Database / Oracle APEX components.
- Collaborated on requirements, documentation, dashboards, and functional testing.

Full Stack Web Developer

2023

CCSS · San Jose, Costa Rica

Built a PHP and MySQL institutional web system to automate appointment, parking, multimedia-equipment, and resource-management processes.

FEATURED PROJECT

Casa Net - Real Estate Web Platform

casanetcr.com

Designed and built a production real estate platform from scratch with ASP.NET Core MVC and layered architecture.

- Implemented secure OAuth2 / JWT authentication and real-time SignalR notifications.
- Optimized explicit SQL data access with Dapper, MySQL, and Redis-backed sessions.

.NET 8

ASP.NET Core MVC

C#

MySQL

Dapper

Redis

SignalR

EDUCATION

B.Sc. in Computer Engineering

2023 - 2026

Universidad Hispanoamericana

Diploma in Information Technology

2021 - 2023

Colegio Universitario de Cartago (CUC)

CERTIFICATIONS

Scrum Fundamentals Certified · SCRUMstudy · 2023 Six Sigma Yellow Belt · SCRUMstudy · 2025
